

## Butt Stool

Established & Sons

**Product Type**      Stool

Butt is a vibrant, versatile stool that can be used indoors and outdoors thanks to its UV-stable plastic, which was originally developed for marine use.

This monomaterial stool is crafted from fully recyclable UV-stable plastic originally developed for marine use. The versatile Butt Stool is suitable for both indoor and outdoor settings. Its stackable design features three practical lifting holes, reminiscent of a bowling ball, and is available in six finishes. This re-edition of Butt reduces its stacking height, improving its storage efficiency.
