

## 28 Series, Copper

Bocci

**Product Type** Ceiling

28 results from an innovative fabrication process that manipulates both the temperature and the direction of airflow into blown glass. The result is a slightly distorted sphere with an interior landscape of satellite shapes, including an opaque milk glass diffuser that houses either a low-voltage xenon or LED lamp. A flexible copper suspension option (in natural copper or white powder coat) is available for all 28 pendants, providing a different compositional reading and a range of sculptural forms. Please add an additional \$250/color pendant, as well as an additional \$125/pendant if you would like white powder coated copper suspension.

**Dimensions**

Ø6,5"

Ø16,5cm

**Voltage (V)**

1.5w LED or 20w xenon

**UPON ORDERING THIS DESIGN**
