

## Bloom Pendant Small

Resident

**Product Type** Ceiling

The *Bloom Pendants'* super-elliptical form is inspired by the gentle dynamic flow of paper lanterns. Its glorious lit effect is the result of transparency and light. Two contrasting materials – a finely perforated mesh core and frosted blown glass, combine to project a soft focus texture onto the inside of the shade.

At the same time, an unobstructed pool of light is projected downwards onto objects below. *Bloom's* distinct character is evident both in its on and off state, creating a versatile, value for money Pendant lamp.
