

Catch Lounge JH14

&tradition

Product Type

Lounge Chair

With its outstretched arms like a friend ready to greet you with a warm, welcoming hug, the Catch Lounge Chair builds on Hayon's penchant for humor and personification. At the same time, it introduces a higher back and elongated seat in a singular shell supported by a metal armature. The result is a leisure chair that's angled back just a bit – so you can sit down, relax and, as the name implies – lounge.

"The more we work with Hayon, the more we appreciate his ability to bring humanity and warmth to all his concepts," says &tradition Brand Director Martin Kornbek Hansen. "Historically, classic lounge chairs had a somewhat aloof aspect to them. However Hayon has managed to make the Catch Lounge Chair more personal and inclusive, setting the scene for a more intimate atmosphere and conversation. Which coincides with our Danish idea of cosy. Something we call 'hyggeligt'."
