

Cloud High Back LN7

&tradition

Product Type

Sofa

Designed to be spacious and expansive, Italian-born, Swedish-based designer Luca Nichetto wanted to minimise anything voluminous and accentuate the look and feel of lightness. Seen in this new version of Cloud Sofas with a high back. The secret to Cloud's truly *hygge* sensation involves feather and foam-filled seat cushions resting on an upholstered solid wood base. Slim steel legs keep the base "afloat", with a special coating in black, chrome or bronzed. The cushions along the back are secured in place with a curved shell that extends quite high above your back, constructed from foam-wrapped plywood covered in the same textile to match the cushions.
