Product Type

Dining Table

In a desire to design a table that blends into a space without taking up much space, Sami Kallio created the In Between Table. A partner to his In Between Chair, the legs of the table echo the same angle as the front legs of the chair. At the same time, the table's slim silhouette and absence of ornamentation make it an ideal match for any chair – in any setting.

The In Between Table is a mix of traditional wood craftsmanship, involving compression moulding and woodturning, together with innovative veneer techniques. As such, it is an homage to Kallio's Nordic heritage and training in wood-making, as well as his modern, Scandinavian sense of simplicity.

As part of his "Between Gaps" series, Kallio set out to explore the correlation between an object and its surrounds. Exploring the interplay between positive and negative space. "My concept started from the outside inwards," explains Kallio. "The table has no negative spaces, but it can be paired with any chair, in any timeframe in any space."

Dimensions

H: 28.7" x D: 39." x L: 98.4"

H: 73cm x D: 100cm x L: 250cm

Weight

67.1 kg

Certifications

The table is tested for strength, durability and safety according to EN 15373 Level 2 – General contract use

UPON ORDERING THIS DESIGN

Specify any details needed to place order.

These should be selection items on the website.
