

Palette Table JH9

&tradition

Product Type Desk

Each Palette Desk partners two shapes together: an elongated bean shape with a simple round shape. The two merge a marvellous mix of regal materials available in three different combinations. For the table tops, choose from polished Nero Marquina marble or honed Bianco Carrara marble, satin polished brass or stained ash veneer in black, red or grey-green. The base is made from welded and powder coated steel tubes, adding a contemporary touch to this collage of contrasts.

"While most designers define themselves by one signature style, Hayon never ceases to surprise us with his amazing way of creating hybrid concepts as part of a new design idiom. With the Palette Desk, to be able to combine such disparate components into something so striking yet harmonious makes Hayon himself the master multi-tasker."

The Palette Desk is almost like a multi-tiered sculpture that doubles as a desk.

Dimensions

H: 32.7" x D: 24.4" x L: 55"

H: 83cm x D: 62.0cm x L: 140cm

Weight

22 kg

Gliders

The Palette tables are fitted with plastic gliders

UPON ORDERING THIS DESIGN
