

Mezcla Coffee Table JH20

&tradition

Product Type Coffee Table

A table is where different people come together for different reasons. To meet and discuss a topic. To agree, disagree or just laugh and enjoy each other's company. It's this idea of mixing people, ideas and elements that lies at the core of Mezcla, a table concept by Spanish designer Jaime Hayon, characterised by a mix of exclusive materials.

"The Spanish word for "mixture" is Mezcla," explains Hayon. "For me it captures the essence of different people coming together and diverse design elements together - in a series of tables where the materials, shapes and colours could meet and greet, so to speak."
