

Jules & Jim

Arflex

Product Type Lounge Chair

Named after the famous French movie by Francois Truffaut, Jules & Jim are two easy chairs with a high degree of seating comfort. Jules is the smaller one and Jim the larger one. Though different in size they share a round geometry, which make them easy to use and place in an architectural context, where maybe more square seating typologies are difficult to use.

The legs in wood and metal are also easy to customize in various finishes, so that Jules & Jim can be matched to fit any furnishing context.

Structure in shaped moulded polyurethane / polyester slip cover. Base in metal, lacquered black, gun metal grey or optional finishing, with details in wood (stained wengé, oak or chocolate). Seat cushion in shaped polyurethane with differentiated density / polyester slip cover.
