

Giulia Armchair & Ottoman

Tacchini

Product Type

Lounge Chair

A reissue of an original 1957 design by Gianfranco Frattini, the shape and spirit of Giulia are as contemporary today as ever. The armchair with footrest is the perfect combination of beauty, comfort and harmony. The shell, which echoes and renews the shapes of a classic reading chair, stands on a wooden base, essential in defining the aesthetic of this design classic, which Frattini aptly dedicated to the wife of his teacher and guide, Gio Ponti.
