

Copenhagen Sconce SC16

AndTradition

Product Type Lighting

Space Copenhagen's ambition was to design a lamp with a simple industrial feel, but which was still elegant and poetic. The Copenhagen Pendant is an exercise in contrasts. Combining the classic and the modern, the maritime and the industrial. The series started with one pendant in three sizes in 2014 and was extended in 2018 with two table lamps, one wall lamp and one floor lamp.
