

Pavilion Lounge Chair AV5

&tradition

Product Type Lounge Chair

At first glance, the Pavilion lounge chair appears almost like a rope that's come undone. From the curvaceous wood veneer seat and back to the steel tubes that form the armrests and legs, it's a continuous flow of lyrical lines. A lounge chair that's airy from any angle, it's designed to be slightly laid back and with a wider seat than its cousin the Pavilion chair. In doing so, the Pavilion lounge chair is an open invitation to lean back, relax and stay a while.

Category

Lounge chair

Production process

The chair is made from bend steel tubes and formpressed veneer. The veneer back and seat are finished with a PU lacquer

Environment

Indoor

Material

Steel tubes and formpressed veneer
