

# Pavilion Lounge Chair AV5

## **Product Type** Lounge Chair

At first glance, the Pavilion lounge chair appears almost like a rope that's come undone. From the curvaceous wood veneer seat and back to the steel tubes that form the armrests and legs, it's a continuous flow of lyrical lines. A lounge chair that's airy from any angle, it's designed to be slightly laid back and with a wider seat than its cousin the Pavilion chair. In doing so, the Pavilion lounge chair is an open invitation to lean back, relax and stay a while.
