

## Counterweight Pendant

Roll & Hill

**Product Type** Ceiling

Counterweight is a series of LED fixtures made of gently arching, steam-bent wood that uses marble and brass as ballasts. Whether acting to cantilever the arms of the mobile light, or fixed as the base of the floor lamp, the mass of the stone and metal acts as a foil to the otherwise lightweight frames.

### **Dimensions**

L64" x W2,25" x H12"

L163cm x W6cm x H30cm

### **Weight**

6kg
