

## Glide armchair

Tacchini

**Product Type**      Armchair

The inspiration for Glide came from observing nature, the constant, flowing transformation from one state to another, like snow melting in springtime. The light metal base supports a broad, slender seat made in comfortable variable-density polyurethane foam that envelops the body in a spontaneous, airy embrace.

**Dimensions**

W41,73" x D25,59" x H24,01"

W106cm x D65cm x H61cm
