

Aura Light

Established & Sons

**Product Type**

Pendant

Harnessing Marcellis' expertise in the utilisation of cast translucent materials, the suspended cylindrical bar of the Aura Light can stand alone or work as part of a grouping. Crafted from fully recyclable materials, the custom-engineered lightbulb enhances the warm translucency of Aura.

A replaceable glass LED tube is housed within the resin case, with the light traveling through the material to create a warm glow. Easy on the eyes, this soft ambient light effect is ideal for a home-working environment as well as relaxed living and office spaces.
