

DRAG² XXII Bowl

Julien Carretero

Product Type

Vase

This collection deals with a production process inspired by the traditional plaster dragging technique in which the plaster is constrained in shape by a profile while hardening. This technique, traditionally used to produce ornamental cornices, is adapted here in order to serially produce various typologies of objects. The process results in an infinite variation of shapes based on solids of revolution.

Dimensions

Dia 11.8" x H 6"

Dia 30 x H 15 cm

Models and colors

The Drag2 collection is designed for you to match your favorite piece

with one of the 15 colors proposed on our chart.

Custom colors (RAL, NCS, Pantone) are welcome. An additional fee will then be charged.

Production

Made-to-order by Julien Carretero in his Brussels workshop.

Material and finish

Lacquered plaster. Vases and bowls come with an inner waterproof coating.

Edition

Numbered and limited to 99 per model.

UPON ORDERING THIS DESIGN

Specify any details needed to place order.

These should be selection items on the website.
