

Adobe Lamp

Wentz

Product Type Floor Lamp

The sensation of movement and balance in static objects is one of our favorite design approaches and it is even more highlighted in the Adobe Collection. The objects were designed from a thin and continuous metal frame, balanced by a heavy marble block, which makes explicit the relation between the elements of the composition, as if each component would have an action over the other. The Adobe Floor Lamp has a mouth-blown glass sphere with a built-in LED attached to the metal frame. Its diffused and subtle light can be used as a sculptural element and as a complementary interiors lighting, as well as next to armchairs, sofas, bedsides or consoles which require direct light.

Dimensions

24x32x180cm / 9½" x 12½" x 71"

Cable Length

59"

150cm

Light Source

Built-in LED. 60lm. 2700K. 90 IRC.

Voltage (V)

120 or 240V

UPON ORDERING THIS DESIGN
