Wentz

Product Type

Bowl

Narciso is a series of ceramic bowls - a natural material with a texture reflected in the mirror bases, highlighting the characteristics of the natural material and its handcraft process. The bowl is attached to the base by a delicate custom solid copper fixture. Available in terracotta with bronze mirror, in which the colors complement each other on a natural warm palette; and in black ceramic with a smoked mirror, reducing the design to its essence, showing only its silhouette and textures.
