

## Point of Balance

Objects of Common Interest

**Product Type**

Bench

A bench constructed of intersecting solid marble blocks, carved into each other, a sliced cylindrical monolith bridging over two circular pillars.

The piece was conceived to be showcased for The Webster opening in New York.

1.5 x 0.30 x 0.40m

4'11" x 10" x 1'3"

250KG

Indoor / outdoor use
