

Zelda

Bec Brittain

Product Type Ceiling

Zelda juxtaposes the powerful materiality of brass-encased LED tubing with gracefully suspended planar forms. This light comes in multiple shapes, sizes, and configurations, and seamlessly adapts to a vast array of spaces and sensibilities. Zelda's flexible form can be fashioned as a simple single diamond, arranged concentrically in geometric orbits, or fit together like links of a chain.

All Zelda fixtures include a mounting canopy in a matching metal finish which houses the LED low voltage transformer. The LED bulbs are powered by way of the suspension cables.
