

SHY Beam 01/02 Pair

Bec Brittain

Product Type Floor Lamp

The SHY Beams are deconstructed siblings of the SHY Light, which takes its name from the initials of the designer's grandmother. The SHY Beams are available with either one or two bulbs. Shown here as a pair, these versatile lights are also available individually or in multiples. The possibilities for this modular lighting system are unlimited.

SHY Beam 01 & 02 are wired as a pair with an inline switch and plug-in low voltage transformer. Wall-mounting brackets are included. An inline dimmer is available for additional cost. Optional glass diffusers for the LED bulbs, for further customization and soft diffusion are [available here](#).
