

Cape Sofa

Established & Sons

Product Type

Sofa

Cape is an upholstered sofa with an overlay cover. Cape grew organically from the initial design challenge to create covered seating with a casual yet luxurious feel to it. The inspiration came from the informal way in which loose fabric is draped over a piece of furniture for its preservation as done in hotels or country estates off season.

Multiple fabric and color options are available making it more usable all year round: heavier fabric for warmth in the winter, lighter fabric for comfort in the summer. It also allows for an instant update as an interior changes.

Dimensions

W78.7" x L35.4" x H15.7"

L200cm x W90cm x H68cm

UPON ORDERING THIS DESIGN
