

Wrongwoods Tray

Established & Sons

Product Type Object

British artist Richard Woods is renowned for his work with garish and repetitious motifs. These 'logos' are most often abstractions and interpretations of everyday patterns--the wood grain block print being his signature. Designer Sebastian Wrong has teamed up with Woods to create this series where the prints have been applied to utilitarian cabinets reminiscent of the 1950s.

Dimensions

L17,3" x D12,9" x H2,75"

L44cm x D33cm x H7cm
