

## Sofa Cavois

Muller Van Severen

### Product Type

Sofa

As part of Lille Metropole 2020, World Design Capital, the Belgian duo Fien Muller and Hannes Van Severen are invited to the iconic Villa Cavois for an exceptional exhibition. Inspired by the modernist masterpiece by architect Mallet-Stevens, they present a selection of their oeuvre, including this new piece 'sofa cavois'. It is the first sofa that Muller Van Severen have ever designed. The sofa refers to the visual language of the wire *s#* series but has a totally different finish and feel. Where the wire *s#* are open and transparent, this sofa is closed as it were by the use of the warm green linen fabric, emphasizing its unusual form. It is a sculptural piece on elegant brass legs, designed for the interior. 'Sofa cavois' urges people to sit really close together without being entirely in each other's space.
