

## Solo Seat

Muller Van Severen

**Product Type** Lounge Chair

The geometric steel frame of the Solo Seat reduces the lounge chair to its core, creating the lightweight, minimal aesthetic that Muller Van Severen have become known for.

A scaled back version of the pair's Duo Seat, the design concept remains the same: a chair consisting of nothing more than a steel frame and a sling seat. Rather than taking up visual space in the room, the transparency of the Solo Seat allows it to merge with its surroundings, with a frame in bold red or cool white to suit a variety of tastes.

The sling seat is made from natural leather that will patinate over time, and has been tanned using traditional methods to maintain its beautifully soft feel.

**MATERIAL**

lacquered (white or red) steel frame with natural leather

**SIZE**

62 cm x 62 cm x 61 cm
