

Pier Stool

Resident

Product Type Bar Stool

The Pier Stool is inspired by the thick and straight cylindrical pillars of pier structures. Made entirely from solid oak, the stool is composed by using only mortise and tenon joints, allowing the wood fibres to run continuously throughout, giving the piece sustained durability.

With its unique and continuous sled legs, Pier casts an elegant silhouette to compliment any bar or benchtop. Easily stackable, the Pier Stools are available in two heights to suit a range of domestic and commercial interiors.
