

Grid U-Shape Unit

Established & Sons

Product Type Sofa

A colorful room-within-a-room, the raw shell of the GRID System provides a base for modular seating, shelves, tables and screens, which can be integrated in different ways to create a playful and multifunctional environment for informal meetings, presentations or simply hanging out. Part sofa, part lounge, part presentation space, the multi-functional Grid product family is a thoughtful response from the Bouroullec brothers to changes in how we live and work. The modular system is based on a powder-coated steel frame and is designed to offer total flexibility of use as the lines between home, leisure and the workplace become increasingly fluid and blurred
