

Sancarlo Sofa

Tacchini

Product Type Sofa

Sancarlo is a reissue of a classic designed by Achille Castiglioni. Both versions, armchair and sofa, are composed of a simple, linear, curved tubular frame, on which a number of upholstered cushions are positioned. A ground-breaking concept when it was first presented, it has now been made even more effective with differentiated foam filling, in which the density varies according to the region of the body to be supported. Full of character, Sancarlo is a veritable icon of 20th-century design.
