

Hold On Armchair

Wiener GTV Design

Product Type Armchair

The bent beech-wood structure of HOLD ON reveals a large and welcoming seat that can house a soft cushion, available in the fabrics of the collection: an armchair that can easily fit into home and contract environments, communicating perfectly with other elements of the Wiener GTV Design collection, such as the daybed in the same family. A versatile element that can enhance the warmest and most refined environments with its personality, like architectures with design rigour.

Dimensions

W28,7" x D33" x H25,9"

W73cm x D84cm x H66cm
