

Kleiderständer P29

Wiener GTV Design

Product Type

Storage

The KLEIDERSTANDER P29 coat stand is the result of a series of predecessors of different shapes and types that have been continually improved from 1880 onwards. Designed in 1929, it is marked by a shape simplicity in line with the industrial modernism of post-war times. The small base makes it ideal for a corner location. In bent beech, it is available with various different stains, or finished in a range of colours.

Dimensions

W24,4" x D24,4" x H71,6"

W62cm x D62cm x H182cm
