Wiener GTV Design

Product Type

Armchair

With a balanced style and passion for high craftsmanship, Chiara Andreatti brands LOÏE, a lounge chair with harmonious curves, combining ease and refinement. A pursuit of elegant craftsmanship, flawless combination of tradition and modernity that defines itself in the harmonious meeting of various materials such as wood, woven cane and metal. The wraparound woven cane or technical net backrest with an elliptical structural frame in bent ash-wood is a distinctive feature, characterized by a sophisticated dual-spoking pattern, available in walnut stain or in opaque black varnished with visible studs. Highlighting the great care that is characteristic of GTV design and the reference to tradition, cross-woven straps of the padded seat are also inserted into the structure.
