

Mos - Bookcase

Wiener GTV Design

Product Type Shelving

MOS is the family of storage units designed by GamFratesi with console, bookcase and side table, which can also be used as a bedside table, that incorporates the style of the bench of the same name, another GamFratesi project. Ellipse shape and calibrated dimensions remain common features of the new elements, which fit into any environment, thanks to their light elegance, whether it be the living room or the sleeping area as in refined lounge spaces. The woven cane shell conceals the wooden tops, two for the coffee table, three for the console and four for the bookcase. The frame in natural stained or black lacquered bent beech wood is supported by brass feet.

Dimensions

W53,5" x D16,9" x H56,2

W136cm x D43cm x H143cm
