Wiener GTV Design

Product Type Dining Chair

The N.0 chair by Front is a design that reveals a new concept of elegance that harnesses the expressive power of GTV's distinctive hallmarks: bent wood and Vienna straw. The Swedish duo reinterpret the two elements with a contemporary flair, enhancing their features and aesthetics by using the circle as a geometric motif in the backrest, seat and armrest. This feminine, eclectic chair is suspended in time. It plays on the simple forms and proportions of the bent beech wood design, with woven cane or technical mesh on the backrest and a charming single armrest on one side.
