

**N.18**

Wiener GTV Design

**Product Type**

Dining Chair

A great classic that made the history of this brand. Conceived by the company during the second half of the nineteenth century to meet the precise needs of practicality, the n°18 is one of the most popular bistro chairs worldwide. The bent element that embellishes the central part of the back also makes the chair more comfortable. Moreover, several variations are available to add a unique touch of style. The back and rear legs are made of a single piece of wood, still bent with steam today, as tradition dictates.

**Dimensions**

W17,3" x D19,2" x H35"

W44cm x D49cm x H89cm
