

NYNY Drawers

Wiener GTV Design

Product Type Storage

NYNY drawers is a storage unit made of wood and woven cane formed by two overlapping volumes, a low drawer and a high chest of drawers to be fixed to the wall thanks to the metal structure with satin brass finish. Together with the totemic storage unit and the sideboard, NYNY drawers is part of the NYNY family of storage units, a multifaceted design by storagemilano, in an interdependence of design, architecture, and art, also accentuated by the intense colour scheme.
