Gebrüder Thonet Vienna

Product Type Dining Chair

Tradition meets modernity in the carefully selected materials and shapes of the PINCE armchair, also by LucidiPevere. Its distinctive "C" in curved ash defines the backrest and is the key element of the design, a contemporary interpretation of the classic GTV design style that brings out the pared-down, elegant appeal of the chair. The geometric lines of the upholstered shell create a defined, minimalist shape that is broken only by the slight movement in the fabric created by the C-shaped back that encompasses the seat.
