

Post Mundus

Wiener GTV Design

**Product Type**

Dining Chair

Five pieces of bent wood make up the unique profile of Post Mundus, the chair designed by Martino Gamper that plays on the iconic lines of the historic Austrian brand. Irony and lightness transform the legs and the back into symmetric elements that are in constant dialogue with tradition: toying with mirrors multiplies the forms, evoking a visual 'echo' that magically enhances the bent wood.

Dimensions

W18,8" x D21,1" x H33,4"
