

Radetzky

Wiener GTV Design

Product Type Dining Chair

The chair Radetzky by Michele De Lucchi has a solid beech structure with bent wooden elements, integrating the back legs' design and the backrest. Its profile is extremely characterized by the alternation of straight and rounded lines which are also used in the wide multilayer seat, resulting in a perfect formal synthesis.

Dimensions

W20,4" x D19,6" x H31,4"
W52cm x D50cm x H80cm
