

## Twiggy

Wiener GTV Design

### Product Type

Stool

Twiggy chair, with his essential lines, thin and light form, can be placed near any type of table. The structure is produced in steel; seat and back are filled with polyurethane foam in order to guarantee a maximum comfort. Twiggy is completely upholstered in leather, a resistant material with a feeling of warm and elegance for any environment, both in domestic and working spaces. Twiggy chair is available in 16 leather-colours, both classical and trendy; stitches are either same colour of the leather or a different one, to create a contrast. The version with armrest and a two heights stool are also available.
