

Thoronet Dish

Henry Wilson Studio

Product Type Object

Thoronet dish, shares its name and arched lines with the Abby in the south of France. It is made, polished and finished in Sydney, Australia in solid Gunmetal Bronze.

Sand casting is as much about negative space as it is about form, This piece can be stood up as a display object. Each casting is manufactured in small batches meaning slight variations will occur from piece to piece. Production marks may include slight pour ripples or surface pitting. It will arrive with a bright finish but will oxidize and darken over time to reveal a distinctive patina. Simply use a metal polish to restore a like-new finish.

Dimensions

L11,8" x D7,8" x H1,9"

L30cm x D20cm x H5cm
