

Horn Chair

Destroyers Builders

Product Type Dining Chair

As being intrigued by horn, the aim emerged to honor the horn, without touching the actual material but only by watching and exploring its beautiful color variations. Studying these color shades, a new lacquering method of 'faux' corne is developed. Applied in many layers by designers hand, this horn effect varies from multiple color ranges.

Dimensions

W29,5" x D16,5" x H18,11"

W75cm x D42cm x H46cm
