

## Bolder Chair

Destroyers Builders

**Product Type** Lounge Chair

Architectural columns are the inspiration in the shapes of Bolder Chair. The layers of the chipboard discs refer to columns of stone. The diversity in white tones, which can often be seen in old columns are translated into the structure of Bolder Chair. The chair – with its playful shapes and nuances of white – balances between sculptural and architectural forms.

**Dimensions**

W16,92" x D24,4" x H27,1"

W43cm x D62cm x H69cm
