

## Model 2042/3

Astep

### Product Type

Lighting

An elegant ceiling luminaire from the Le Sfere system by Italian lighting master Gino Sarfatti is now reintroduced by Astep as part of the prestigious Flos with Sarfatti collection. The fixture features three opaline glass spheres, which are inspired by the natural poetry of the Moon and capture the delicate moonlight in a gracious design.

Throughout his life, the sky served as a muse for lighting master Gino Sarfatti. He was fascinated by the perfect light emitted by the Moon, and one of Gino Sarfatti's most brilliant designs is inspired by the natural poetry of the luminous satellite.

In 1959, Le Sfere was launched in a solar system of its own, revolving around a single luminous sphere. Le Sfere features a simple, yet elegant principle in which a blown opaline glass sphere is held in place by a graphic ring. A refined embrace that lends the luminaire a graphic expression and brings forth its distinctive aesthetic.

### Dimensions

Ø25,5" x 11,4"

Ø65cm x 29cm

### Diffuser Diameter

Ø 20cm

### Light Source

3 x E27 LED 7W (60W Max)

806lm (2418lm Total)
