

Off Round Thin

Studio Sabine Marcelis

Product Type

Mirror

The collection of OFF ROUND mirrors created as part of the 'Seeing Glass' project is continually evolving and expanding.

Sabine Marcelis is an artist and designer who runs her practice from the harbor of Rotterdam, the Netherlands. After graduating from the Design Academy of Eindhoven in 2011, Marcelis began working within the fields of product, installation and spatial design with a strong focus on materiality. Her work is characterized by pure forms which highlight material properties.

Marcelis applies a strong aesthetic point of view to her collaborations with industry specialists. This method of working allows her to intervene in the manufacturing process. Pushing production and material boundaries and using research and experimentation to achieve new surprising visual effects for projects both showcased in museums and commissioned by commercial clients and fashion houses. Sabine considers her designs to be true sensorial experiences: the experience becomes the function, with a refined and unique aesthetic.
