

Pillow Sofa - 2 Seater

KASSL

Product Type Sofa

The KASSL Editions x Muller Van Severen sofa collaboration is part of the wallpaper* Re-Made project. Developed using the original white, black and camel oil fabrics of Limonta, Muller Van Severen added penetrating colourways of green, navy and sky blue. The sofa resembles multiple Pillow bags puzzled together to evoke and create a soft yet bold seating area. The pillow sofa presents itself with modular seatings that either stand alone or can be paired for a strong visual impact.
