

Mega Bulb SR2

&Tradition

Product Type Pendant

Mega Bulb, though superior in size, is actually the younger sister of Bulb, first blown five years after in 2006. Just as beautiful, just as elegant, Mega Bulb is the answer to all requests for poetic lightning in larger rooms and spaces. The small irregularities in the mouth blown glass make each of the pendants one of a kind and add the story of the glass master's personal efforts in changing sand, soda and chalk into a modern classic using a thousand year old method.

Mega Bulb offers both high quality design and high quality light, being a perfect companion for the kitchen chef.
