

Polar Table

Tacchini

Product Type

Side Table

A matching side table completes the Polar system. Also designed by Pearson Lloyd and inspired by spectacular glacier formations, it features asymmetrical yet delicate lines, inherent to the poetry of the natural setting from which its shape derives. The Polar Table is an occasional table for both interior and exterior spaces. Thanks to its fresh, unique shape, it can be placed with either end up, which also changes its functional options. The ideal piece to pair with the Polar sofa system, it also marries well with other furnishings in many different settings.
