

Cinquecento Collection - Nastagio Rug

CC-Tapis

Product Type Rug

The 'Cinquecento' collection celebrates the use of perspective during the Italian Renaissance period. The geometric and colored areas are selected and developed into an artwork made of lines and forms, inspired by masterpieces of that period by artists such as Domenico Veneziano, Ludovico Mazzolino and Giovanni Bellini. The focus of the project is to maintain the perspective of each piece, dividing the works into macro-areas whilst keeping the primary color combinations.
