

Offset Shelf

Resident

Product Type

Shelving

The Offset Shelves are a premium storage and display unit, whose heavy duty silhouette highlights the beauty of solid oak. The shelves have a unique playful element, with each vertical leg attaching via an adjustable off-centre threaded connector - enabling all legs to sit in an individualized position. Available in Natural and Umber, in two lengths, and one or two levels high, the Offset Shelves are the ideal presentation unit for commercial and domestic situations.
